

CIFA A REGION OF SAIA

**CIFA AWARD FOR ARCHITECTURE 2021
and the
SOUTH AFRICAN INSTITUTE OF ARCHITECTS
AWARD OF MERIT & AWARD FOR EXCELLENCE 2022**

CALL FOR ENTRIES

Architecture is the most visible and public of the arts. An important function of all the Regional Institutes and the South African Institute of Architects (SAIA) is to recognise and promote excellence in architecture and to create public awareness and debate on architectural issues. The awards programme is in support of these goals and run in two stages over a two-year period.

During the first stage, the Regional Institutes invite submissions, appoint and convene a Panel of Assessors to decide the *Regional Awards for Architecture* and eligible projects to be submitted for national consideration. The *Regional Awards for Architecture* are announced and made at a regional function that takes place during 2021.

The second stage of the programme starts at the end of 2021 with the submission of entries by the regional panels of assessors for consideration of the *SAIA Award of Merit* and the *SAIA Award for Excellence*. A national Panel of Assessors, convened by the SAIA President, will convene after receipt of the projects by the National Office. This will be done to select the projects it wishes to inspect from the submitted entries. During the first few months of 2022, the national Panel of Assessors will inspect the projects *in loco*. The *SAIA Awards of Merit* and the *Awards for Excellence* will be announced at a national function.

ENTRIES & ELIGIBILITY

The Cape Institute for Architecture (Cifa) invites members to submit entries for the Cifa and SAIA awards programme. Eligible projects will be forwarded to the national Panel of Assessors for adjudication of the *SAIA Award of Merit* and *for Excellence*. (See Form headed Conditions for Entry: Projects Completed during 2019-2020, Item 2 for more information).

Work may be submitted to the Region by the author or submitted by any member of the Region with the author's, or other responsible person's, permission.

Projects that fall in an area under jurisdiction of the Cape Institute for Architecture, and were completed during the period **1 January 2019 to 31 December 2020**, are eligible for entry to the 2021-2022 awards programme.

Please note that all the Regional Institutes are inviting entries for the awards. **Members who have done work in an area outside the jurisdiction of the Cape Institute for Architecture should obtain awards documentation from the relevant Regional Institute in which the project falls.**

It should be noted that *in loco* inspection of projects that are situated in remote areas of the Region may not be possible, and additional video material via a YouTube link or a link to the video on your own website is required to adjudicate the project by way of a *virtual inspection*. No videos will be downloaded.

Please also note that the submitted project will require the presence of the project Architect (or representative thereof) during the *in loco* inspections.

Projects outside South Africa may be submitted to the member's Regional Institute. It should be noted that *in loco* inspection of these projects may not be possible, and additional video material via a YouTube link or a link to the video on your own website is required to adjudicate the project by way of a *virtual inspection*. No videos will be downloaded. Should such projects go forward for national adjudication, and funding is made available by the entrant to cover the costs, every effort will be made by the national Panel of Assessors to carry out an *in loco* inspection.

To offer equal opportunity throughout the country for members to enter projects, the guidelines apply to all Regions, and a uniform format of the Call for Entry, Conditions for Entry and the Entry Form has been established for use by all the Regions.

Please read and comply with the attached conditions and kindly submit all the required material in the prescribed format. Members should note that the awards are conferred on the building or project, not on the authors or client, although their names (architectural practice) appear on the certificates. Please note that all documentation must be signed by a principal of the Architectural Practice. **(It is critical that if two or more practices are entering their project that this is made very clear on the entry).**

PLEASE ALSO NOTE THAT THE CIFA SUBMISSIONS ARE ELECTRONIC ONLY. SAIA MAY REQUEST FOR PRINTING TO BE DONE AS PER PREVIOUS YEARS' REQUIREMENTS.

AWARD OF MERIT & AWARD FOR EXCELLENCE 2022**

CALL FOR ENTRIES

CIFA AWARD FOR ARCHITECTURE 2021

This award is made by the Regional Institute to encourage and recognise good design or a noteworthy contribution in the field of architecture in the Region. It may be for:

Entry Form A

- a new building or group of buildings;
- a work of technological importance;
- the conservation, restoration and/or rehabilitation (refurbishment) of existing buildings, historic precincts or areas.

There is no restriction on the building type, use or size. It is also intended for small-scale alterations or interiors if they are of exceptional quality and contribute to the current discourse on architecture. Although the project may contain flaws, it should be clearly identifiable as having specific attributes worthy of recognition.

Entry Form B

- a work of social importance, other than a building, for which the member or architectural practice was appointed as the architect;
- research in the field of architecture.

SAIA AWARD OF MERIT & SAIA AWARD FOR EXCELLENCE

All eligible entries which have received a *Regional Award for Architecture* are submitted for national adjudication:

- Projects by paid-up SAIA practices are eligible for entry.
- Research, or a work of social importance, by a paid-up SAIA member or SAIA practice is eligible for entry.

The national panel of assessors, appointed and convened by the SAIA President, will consider all the submissions put forward by the regional committees. This round of national adjudicators comprises of the SAIA President (as Convener), a prominent architect, an academic, an eminent person with an interest in architecture and a representative from the sponsors. The national panel will decide which projects to inspect *in loco* and upon conclusion, which projects (if any) will receive the *SAIA Award of Merit* and the *SAIA Award for Excellence*.

In simpler terms, a project may receive a regional *Award for Architecture* in the first phase and receive no further award, or it may be the recipient of both the regional *Award for Architecture* during the first year and receive a *SAIA Award of*
